

TUNER INSTRUCTIONS

IMPORTANT

IMPROVED HIT DETECTION

Will not activate with blunt strike.

Use “Test Hit” button in APP.

Download our APP (T1000 Tuner) for programming. Follow instructions within the APP or visit our webpage www.magnetospeed.com

With the T1000 Tuner APP, your T1000 is programmed using audio tones sent out from your cell phone. Standard settings are listed below.

DEFAULT SETTINGS

SENSITIVITY: NORMAL

FLASH LENGTH: “NORMAL”

HEAD: 7.1Hz / 1.5sec

TAIL: 2.0sec
